Paris, 21 November 2016 –

Shiseido Group EMEA is announcing today its collaboration as new partner of the 12th edition of the Women’s Forum Global Meeting.

Under the signature Building the future with women’s vision, the Women’s Forum gets together, every year in Deauville, around 1300 international participants on a thematic developed from a woman point of view. CEOs, authors, artists, research workers, journalists, political women, a brilliant distribution of brainstorming shapes every year the outlines of a world whose growth depends on sensitive and united values. The longevity of this forum entirely depends on business partnership.

Partnering on a long-term basis with an institution engaged for women, whose growing influence puts the Women’s Forum for the Economy & Society among the most influent forums in the world, is meaningful for a Group dedicated to beauty which, in its original homeland, is a referent in terms of women elevation inside the company.

Already involved since 2014 in France with the association Génération Femmes d’Influence, Shiseido Group EMEA wishes to confirm its commitment on the women cause.

“Inside a company mostly feminine with 79% of women, I’ve made the choice of a representative and equal executive board” declares Louis Desazars, President and CEO Shiseido Group EMEA. “For instance I have, for that matter, chosen Nathalie Helloin Kamel to lead the general management of the Fragrance Center of Excellence.”

During the Women’s Forum Global Meeting, Shiseido Group EMEA will be present in a dedicated space with activities related to the brand. Shiseido Group EMEA President will be the host of the CEO Champion initiative.

« Is the sharing economy, a sharing world? » Is the collaborative economy synonymous with a world of sharing? On this Women’s Forum Global Meeting 2016 theme, a lot of discussion will be source of argument on a world were sharing has become the standard and beauty a source of wealth: #sharebeauty #WFGM16
Shiseido Group supports various kinds of major women's events and conducts women's support activities.
