## Notice of Administrative Changes and Transfer of Personnel

Shiseido Company, Limited hereby announces that it will implement partial organizational reforms and personnel transfers as detailed below, effective January 1, 2020.

### Note

#### 1. Partial Organizational Reforms

##### <Enhancement of Management Reform Framework>

- Newly establish Corporate Transformation Acceleration Division, which will supervise Corporate Strategy Department, Consumer & Market Intelligence Department (to be established), and Business Development Department, in order to further accelerate the transformation of the entire Shiseido Group with the aim to continuously strengthen implementation of VISION 2020, and strengthen the formulation and implementation of the next medium-to-long-term strategy.
- Contribute to continuous growth of the global business of Shiseido by strengthening our intelligence capability regarding macroeconomics as well as consumers and markets through Consumer & Market Intelligence Department, to be established.

##### <Enhancement of Global Prestige/Premium Brand Portfolio>

- Dissolve Global Prestige Brands Division due to the restructuring of brand holding organizations, with Clé de Peau Beauté Global Brand Unit and SHISEIDO Global Brand Unit under Global Prestige Brands Division to become independent.
- Establish ELIXIR Global Brand Unit and ANESSA Global Brand Unit, which will take over the business operations as the brand holder of ELIXIR and ANESSA from Shiseido Japan Co., Ltd. for the purpose of further driving the growth of our business and enhance the presence of our brands not only in Japan but also in Asian, European, and North American markets, and increasing our presence in the global market.
- Newly establish THE GINZA Global Brand Unit to accelerate the growth of THE GINZA brand business in Asia.

<Enhancement of Supply Network Domain>

- To carry out planning and implementation of supply network strategy, integrate the global partnership operations of Global Initiative Department into Supply Network Strategy Department.
- Dissolve Global Initiative Department due to the integration of its operations into Supply Network Strategy Department and Business Transformation Department.
- Newly establish Supply Network Fundamental Development Department with such operations as recruiting, training, IT maintenance, and establishing Shiseido Kyushu Fukuoka Factory in Kurume City, which are related to infrastructure maintenance in the supply network domain.
- Newly establish Global Brands S&OP Department, which will supervise operations for global brands dispersed across HQ and each region.
- Transfer the production planning and material procurement functions of Supply & Purchasing Department to Demand & Supply Planning Department, and rename Supply & Purchasing Department to Purchasing Department for the purpose of strengthening the inventory management of finished products and materials.
- Create the position of Head of Transformation, Osaka Factories, which will supervise and manage the Osaka Ibaraki Factory and the current Osaka Factory in order to implement new functions allocation and organization planning for both factories.
- Rename Project Office, New Plant & Distribution Center to Osaka Ibaraki Factory, which is preparing to start operation of said factory.

<Enhancement of Research & Development Domain>

- Use the wording of Research & Innovation (R&I) to specify Research & Development (R&D) with the purpose of further increasing employee awareness about the importance of striving to create innovation. Change the names of all departments concerned.
- Transfer the authority over the management of Incubation Center to Chief Product Innovation Officer from Chief Innovation Officer for the purpose of accelerating the application of research incubation activities for current business.
- Newly establish FS Innovation Center by integrating and streamlining the operations of Frontier Science Business Department and Incubation Center for the purpose of accelerating the commercialization of highly marketable research seeds.
