

Shiseido Company, Limited Introduces New Management System of Executive Officers

–Accelerating diversity in management system–

Shiseido Company, Limited (“the Company”) hereby announces that the Company will introduce new management system of executive officers as described below, which will bear the responsibility for the execution of company-wide management, based on the consideration of the Nomination Advisory Committee and the decision of the Board of Directors.

Note

1. New Management System of Executive Officers

Under the medium-term strategy “VISION 2020”, the Company launched a global matrix organization in 2016, which cross-matches six regions with brand categories and allows respective regional headquarters their own responsibilities and authority. Since then, the Company has realized global business growth by promoting a diversity management where various personnel are able to play an active role.

The Company will accelerate the structural transformation and reform of global business aiming at stronger profitability under the new medium-term strategy “WIN 2023” starting from 2021. In line with the strategy, the Company will introduce new management system of executive officers, including the current corporate officers, in which officers bear responsibility for the company-wide business execution, and appropriate members will be assigned regardless of gender, nationality or organizational boundaries. With diverse values and ideas, the Company will accelerate its achievement of “WIN 2023” and realization of its long-term vision to “Be a Global Winner with Our Heritage”.
