All proceeds from the concert, excluding operating expenses, will be donated to support the Ukrainian evacuees who have entered Japan and used as transparent long-term supports, including covering for living expenses and school fees, etc.

In line with our corporate mission, “BEAUTY INNOVATIONS FOR A BETTER WORLD”, we at Shiseido have been engaged in humanitarian actions together with the employees around the world, such as by making donations and sending products as relief supplies through the UNHCR (United Nations High Commissioner for Refugees). In addition, we will continue to consider various forms of support for those who have entered Japan, such as offering job assistance and support for students in the hope of helping them to live in a stable and secure environment as soon as possible.
