

JSID's Fellowship Shiseido Research Grant 2018 Winner

Name : Hayakazu Sumida, M.D., Ph.D.

Affiliation: Department of Dermatology, Faculty of Medicine,
The University of Tokyo

Research subject :

Exploration of novel lipid metabolism-related
molecules in immune-mediated skin diseases

Biography : 1999 (Apr.)-2005 (Mar.)

Faculty of Medicine, The University of Tokyo (M.D.)

2005 (Apr.)-2007 (Mar.)

Resident, The University of Tokyo Hospital

2007 (Apr.)-2011 (Mar.)

Department of Biochemistry and Molecular Biology, Faculty of Medicine, The
University of Tokyo (Ph.D.)

2011 (Apr.)-2014 (Mar.)

Assistant Professor, Department of Dermatology, Faculty of Medicine, The
University of Tokyo

2014 (Apr.)-2018 (Mar.)

Postdoctoral fellow, Department of Microbiology and Immunology, University
of California, San Francisco

2018 (Apr.)-2018 (Aug.)

Assistant Professor, Department of Dermatology, Faculty of Medicine, The
University of Tokyo

2018 (Sep.)-Present

Lecturer, Department of Dermatology, Faculty of Medicine, The University of
Tokyo

Comments :

This time, I feel truly honored to have been chosen for this prize. I would like to express my sincere gratitude to my academic supervisors, lab members and every member of my family, for providing opportunities to enjoy research works to be qualified for the prize. This award must be a motivation to foster me in achieving further fruitful results.
